Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the main office of each school site and the Department of Student Services at the District Office. In addition, the Safety Plan is available on the District website: sccs.net.

Safety Plan Vision

California Healthy Kids Survey Summary of Key Indicators of School Climate and Well Being

Even with the apparent format change, we are pleased with the improvement we are seeing in many areas. More students are feeling safer at Soquel than in the past. A sense of safety may also be reflected in the 10% drop in the number of students leaving Soquel from previous years. Risky behaviors by both 9th and 11th graders are of concern, but the survey shows a slight decrease over the past report period. One noticeable jump is in the area of harassment. We are wondering if this might be due to the amount of electronics that students have access to and the ability to send pictures, images and texts so quickly. The results in the matrix above ask for the response to the key concept of “very” safe. There is a noticeable drop in the response from the 11th graders. By looking at the entire survey response by both 9th and 11th graders shows that only 4% of 9th graders and 8% of 11th graders feel “Unsafe” or “Very Unsafe” while being here at Soquel. That leaves 96% of 9th and 92% of 11th graders feeling “Neither safe nor Unsafe”, “Safe” or Very Safe”.

Comprehensive School Safety Plan 5 of 64 3/3/18
Parent, Student and Teacher survey data on school safety
The Socio-emotional Survey was given to students in the Fall. This survey gives us another viewpoint on the data from the CHKS results. Again, we are seeing positive gains in the systems that we are putting into practice at Soquel. A few snapshots of this document are as follows:

- 90% of students responded from mid-range to high on the question of “At my school, there is a teacher or some other adult who always wants me to do my best”
- 82% of students responded from mid-range to high on the question of “At my school, there is a teacher or some other adult who listens to me when I have something to say”
- 91% of students responded from mid-range to high on the question of “At my school, there is a teacher or some other adult who believes that I will be a success”
- 92% of students responded from mid-range to high on the question of “My Family members really help and support one another”
- 84% of students responded from mid-range to high on the question of “I feel close to people at this school”
- 91% of students responded from mid-range to high on the question of “I am happy to be at this school”
- 89% of students responded from mid-range to high on the question of “I feel like I am part of this school”
- 96% of students responded from mid-range to high on the question of “The teachers at this school treat students fairly”
- 95% of students responded from mid-range to high on the question of “I feel safe at my school”

Parents took our Family School Climate Survey in the Fall of 2017 and the results are as follows:
94 % of parents strongly agree or agree that teachers at this school seem to really care about students.
87 % of parents feel that the school counselors are helpful and accessible when needed.
84 % of parents strongly agree or agree that there is at least one adult at Soquel High that knows their child well.
84 % of parents feel that discipline policies and clearly communicated and fairly implemented.

Conclusion from the Data Study
We are seeing some positive outcome data from these three surveys. There is still more room for improvement in the coming years. We believe we are on the right track at this point in our intervention programs, but these practices are not yet firmly embedded into the culture and climate of Soquel. Singular sessions such as cultural responsiveness and sensitivity training for staff are highly “perishable skills” and programs that degrade rapidly in the absence of ongoing and continual training and practice. Most of the work that is based upon “perishable skills” (skills lost without practice) needs to be practiced often to be effective. We need to make these processes more of an embedded program, such as a culture of Caring relationships schoolwide, rather than person dependent whose great work or vision falls when they leave the school. Working with our staff and using the data from students and parents, especially the one that reflects what seems to be already working, provides the baseline for improvement.

Public Agency Use of School Buildings for Emergency Shelters

We offer our schools for public shelters in case of a natural disaster or pandemic. We cooperate with the Santa Cruz County Emergency Response Team as well as the Red Cross. If our buildings are used as shelters during the school day, non students are supervised to protect the safety of our students.

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview
The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:
- Management and Command--policy making and coordination of emergency response and recovery
- Planning and Intelligence--creates action plans and checklists used by all functions
- Operations--directs response activities and coordinates functions
- Logistics--coordinates with district office responders
- Finance and Administration--process paperwork for cost recovery

Incident Command
During an emergency, the Incident Commander directs response actions from a designated Command Post. The School Incident Commander works with the law enforcement or fire incident commander. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. The School Incident Commander remains at the command post and directs the actions of the school emergency response team through the Operations Chief. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Communication Officer and Operations Chief.

The Scribe works directly with the Incident Commander. The Scribe keeps notes and a running timeline of all actions taken. The Communications Liaison maintains communication with the incident commander, first responders and the District Office at the direction of the Incident Commander.

Operation Chief
All response actions are implemented under Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics
Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Maintenance/Fire/Site Security Team
The Maintenance/Fire/Site Security Team is responsible for addressing, identifying and mitigating campus hazards during an emergency. They shut off gas, electric and water as warranted. They lock and unlock doors and gates as directed by the Incident Commander. They take no action that will endanger their own safety.

Search and Rescue
The Search and Rescue team coordinates all on site rescue operations until First Responders arrive.

Assembly and Shelter Team
The assembly and shelter team is responsible for providing for the safe sheltering and care of students and staff during an on-site evacuation. In an emergency teachers will account for all students. Blankets and tarps are store on each campus.

First Aid
The first aid team is responsible for coordinating campus emergency medical response.

Student/Parent Reunification
The Student Parent Reunification team oversees the reunification of all students with their parents or guardians.
Emergency Response Guidelines

Step One: Identify the Type of Emergency

Step Two: Identify the Level of Emergency

Step Three: Determine the Immediate Response Action

Step Four: Communicate the Appropriate Response Action

LOCKDOWN Procedures
We drill and are prepared to lockdown our school for the following reasons:

SHELTER IN PLACE
Shelter in place is used when we have an atmospheric event such as severe weather or a chemical spill in the vicinity of the school. We seal doors and windows and turn off the HVAC system. We continue teaching as usual and no one is able to enter or leave the building.

LOCKDOWN
We lockdown our school when requested to do so by local law enforcement. Usually this is due to law enforcement activity in the neighborhood of our school. We want to keep everyone safe and out of the way. Teaching continues as usual. No one may leave or enter the building.
**CODE RED LOCKDOWN**
A Code Red Lockdown means we have a life threatening emergency on our campus. We lockdown immediately. We turn off lights. We build interior barricades in our class rooms. We remain silent. We wait for further instructions from law enforcement. If a staff or student is left outside during a Code Red they are directed to flee the campus if they are able or hide themselves as best they can. We will not open our doors for anyone except law enforcement. During a lockdown we ask parents to remain at home and await further instructions that we will send through our emergency responder and our websites. We will communicate with you when and where students will be released. We will not be able to release students during a lockdown and parents will not be able to enter the campus. We need our roads clear for our first responders.

**How we will communicate with families in case of an emergency**
In case of a natural or manmade disaster while your child is at school, the School and District will communicate with you in a variety of ways through our Student Information System. We will use our emergency responder to send a text, voice message and email message to the phone numbers and email which we have on file.

We will post updates to our school and district websites as often as we are able and work with our local radio and TV stations.

We have evacuation plans in place in case we have to evacuate a school site. We work with our other schools other districts in our county, our city and county officials as well as law enforcement to ensure a safe relocation of students and staff. We will communicate with parents where to pick up their children.

**Our procedures for releasing students**
For students over the age of 14, we will check their Emergency Card. If the parent has checked the box saying we can release them in case of an emergency, we will release them to go home.

If the parent has not checked the box saying we can release their child, we will keep the students on campus until someone listed on their Emergency Card arrives. We will check a photo ID in order to match the student with a person on their Emergency Card.

For students under the age of 14 we will keep the students on campus until someone listed on their Emergency Card arrives. We will check a photo ID in order to match the student with a person on their Emergency Card.

Threat of Violence

Overview of Santa Cruz County Threat Assessment Plan and Protocol
The purpose of this plan is to provide practical guidelines for school-based teams within Santa Cruz County to conduct threat assessments of students who threaten to commit an act of violence. The goals of threat assessment are twofold:

- To maintain a safe environment by preventing an act of violence from taking place.
- To resolve student conflicts or problems that underlie threatening behavior.

These conditions require an organized, school-wide approach that involves ALL school staff. This protocol is for use when dealing with threats made by students. When threats are made by adults, law enforcement will be called immediately.

I. What Is a Threat?
A threat is an expression of intent to harm someone. Threats can be spoken, written, or expressed in gestures. Threats may be direct (I’m going to beat you up) or indirect (I’m going to get him). When in doubt about whether a student’s behavior is a threat, evaluate it as a threat.

A threat assessment is conducted when a person (or persons) threatens to commit a violent act or engages in behavior that appears to threaten an act of violence.

II. Threats are categorized and described as follows:

A. Transient threats

Transient threats are statements that do not express a lasting intent to harm someone. Transient threats are intended as either figures of speech or reflect feelings that dissipate in a short period. All transient threats end in an apology or explanation that makes it clear the threat is over.

B. Substantive threats

Substantive threats are statements that express a continuing intent to harm someone. They indicate a desire and raise concerns that someone is in danger of being harmed beyond the immediate incident. A threat not retracted or resolved should be considered substantive. A serious substantive threat usually involves a fight or a threat to hit someone or harm someone without the use of a weapon. A substantive threat that involves using a weapon such as a firearm or a knife will be classified as very serious because of the potential for severe injury.

III. Evaluation of Threats and the Threat Assessment Team

Each school has formed its own threat assessment team utilizing staff that is available to them. Typically the team will be comprised of a school administrator, a law enforcement liaison, a mental health professional, certificated and classified staff. The team will evaluate the threat, decide if the threat is transient, substantive, serious substantive, or very serious substantive.

Disorderly Conduct
- By a person who is not staff or students: call 911.
- Students:
  - Call the campus supervisor and site administrators
  - Clear the area of other students and staff.
  - Escort student(s) to the office.
  - Possible call to 911
  - Possible lockdown

Earthquake
- Duck Cover and Hold On
- Evacuate when it is safe to do so
- Turn off gas, electric and water
- Activate Emergency Response Team to conduct search and rescue, first aid, accountability and reunification

Fire in Surrounding Area
- Shelter in place
- Await further instructions from SC Fire
Fire on School Grounds
- Activate the fire alarm
- Evacuate to the on-site evacuation location if it is safe to do so.
- Evacuate to alternative location if needed.

Flooding
- Consult with the District Office if school will be closed
- If in immediate danger, move to higher ground

Loss or Failure Of Utilities
- Consult with the District Office if school will be closed.
- If school is open, the District Office team will provide food, water and restroom facilities.

Psychological Trauma

Unlawful Demonstration or Walkout
- Principal stays on site to supervise students
- Talk to students as they leave campus if this is manageable--do you understand that you will be marked absent? Do your parents know you are leaving campus and will be unsupervised?
- AP or APs, and campus supervisor(s) depending on the size of the crowd walk with students to protect their safety.

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

Suspension by Superintendent, Principal or Principal's Designee
To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.
The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" and for which he/she is required to recommend expulsion. (Education Code 48915(c))
The Superintendent, principal, or designee may impose a suspension for a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons. (Education Code 48900.5)
For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)
When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)
(c.f. 5125 - Student Records)
Length of Suspension
The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days. (Education Code 48911)
A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)
(c.f. 6184 - Continuation Education)
These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)
Due Process Procedures for Suspension
Suspensions shall be imposed in accordance with the following procedures:
1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the available evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)
This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)
2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)
3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. (Education Code 48911)
This notice shall state the specific offense committed by the student. (Education Code 48900.8)
In addition, the notice may state the date and time when the student may return to school.
4. Parent/Guardian Conference: Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed: (Education Code 48911)

a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension.

b. The Superintendent or designee determines, following a meeting in which the student and the student’s parent/guardian were invited to participate, that the student’s presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

c. If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student’s attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)
(cf. 6173.1 - Education for Foster Youth)

d. If the student involved is a homeless child or youth, the Superintendent or designee shall notify the district liaison for homeless students. (Education Code 48918.1)
(cf. 6173 - Education for Homeless Children)

In lieu of or in addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

On-Campus Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.

4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student’s parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (Education Code 48911.1)

Superintendent or Principal's Authority to Recommend Expulsion

Unless the Superintendent or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student’s expulsion for any of the following acts: (Education Code 48915)

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student’s possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician

4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Student’s Right to Expulsion Hearing
Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation. (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion
After a determination that a student has committed an expellable offense, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion agreed to by the student and his/her parent/guardian shall be effective upon approval by the Board.

Rights of Complaining Witness
An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district’s suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)
1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing
Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))
1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student’s status in the district to any other district in which the student seeks enrollment
This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c). (cf. 5119 - Students Expelled from Other Districts)
5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney adviser
Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.
Nonattorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student’s parent/guardian to provide assistance at the hearing.
6. The right to inspect and obtain copies of all documents to be used at the hearing
7. The opportunity to confront and question all witnesses who testify at the hearing
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students
If the student facing expulsion is a foster student, the Superintendent or designee shall also send notice of the hearing to the student's attorney and a representative of an appropriate child welfare agency at least 10 days prior to the hearing. (Education Code 48918.1)

If the student facing expulsion is a homeless student, the Superintendent or designee shall also send notice of the hearing to the district liaison for homeless students at least 10 days prior to the hearing. (Education Code 48918.1)

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing
1. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel
Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918)

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by his/her parent/guardian, the Superintendent or designee shall consult with the parent/guardian and district staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation. (Education Code 48917, 48918)

Final Action by the Board
Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

The Board's decision is final. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)
1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs
With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)
Written Notice to Expel
The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:
1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)
Decision to Suspend Expulsion Order
In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:
1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program
The suspension of the enforcement of an expulsion shall be governed by the following:
1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" or "Additional Grounds for Suspension and Expulsion: Grades 4-12" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))
7. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)
Appeal
The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)
If the student submits a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board, the district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)
Notification to Law Enforcement Authorities
Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)
The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)
Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Placement During Expulsion
The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)
1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension
   (cf. 6158 - Independent Study)
   (cf. 6185 - Community Day School)
When the placement described above is not available and when the County Superintendent so certifies, students expelled for only acts described in items #6-12 under "Grounds for Suspension and Expulsion: Grades K-12" and items #1-3 under "Additional Grounds for Suspension and Expulsion: Grades 4-12" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)
The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion
Prior to the date set by the Board for the student's readmission:
1. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
2. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
3. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
4. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school.
5. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)
No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records
The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)
Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))
The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Santa Cruz City Schools | AR 5144.2 Students
Suspension And Expulsion/Due Process (Students With Disabilities)
A student identified as an individual with a disability pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Suspension
The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)
The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

(cf. 6159 - Individualized Education Program)
The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under either of the following circumstances: (34 CFR 300.536)
1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
   a. The series of removals total more than 10 school days in a school year.
   b. The student’s behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
   c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.
If a student’s removal is determined to be a change of placement as specified in items #1-2 above, or the student is suspended for more than 10 school days in the same school year, the student’s IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student’s behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)
If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (Education Code 48915.5)

(cf. 3541.2 - Transportation for Students with Disabilities)

Interim Alternative Educational Placement Due to Dangerous Behavior
The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student’s disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20 USC 1415(k)(1)(G); 34 CFR 300.530)
1. Carries or possesses a weapon, as defined in 18 USC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365
The student’s interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G); 34 CFR 300.531)
On the date the decision to take disciplinary action is made, the student’s parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)
A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination
The following procedural safeguards shall apply when a student with a disability is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district’s code of conduct:
1. Notice: On the date the decision to take disciplinary action is made, the student’s parent/guardian shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)
2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student’s disability and the behavior subject to the disciplinary action. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student’s parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student’s file, including the student’s IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a. Caused by or had a direct and substantial relationship to the student’s disability
b. A direct result of the district’s failure to implement the student’s IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that either of the above conditions applies, the student’s conduct shall then be determined to be a manifestation of his/her disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student’s Disability: When the student’s conduct has been determined to be a manifestation of his/her disability, the IEP team shall conduct a functional behavioral assessment, unless one had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavioral intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

4. Determination that Behavior is Not a Manifestation of the Student’s Disability: When it has been determined that the student’s conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. However, the student’s IEP team shall determine services necessary to enable him/her to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

As appropriate, the student also shall receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR 300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student’s current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and 300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510-300.514.

If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those adopted for students without disabilities. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student’s IEP.

Decision Not to Enforce Expulsion Order

The Governing Board’s criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student’s information or records to any other person without the prior written consent of the student’s parent/guardian. (Education Code 49076)
(cf. 5131.7 - Weapons and Dangerous Instruments)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent of Schools when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action. (Education Code 48203)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been determined to be eligible for special education and related services and who has violated the district's code of student conduct may nevertheless assert any of the protections under IDEA, if the district had knowledge of the student's disability. (20 USC 1415(k)(5); 34 CFR 300.534)

Knowledge means that, before the occurrence of the behavior that precipitated the disciplinary action, one of the following occurred: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian, in writing, has expressed concern to district supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education or related services.

2. The parent/guardian has requested an evaluation of the student for special education pursuant to 20 USC 1414(a)(1)(B) or 34 CFR 300.300-300.311.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or other supervisory district personnel about a pattern of behavior demonstrated by the student.

However, the district shall not be deemed to have knowledge of a student's disability if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services or, after evaluating the student pursuant to 34 CFR 300.300-300.311, the district determined that he/she was not an individual with a disability.

When the district is deemed to not have knowledge of a student's disability, the student shall be disciplined in accordance with procedures established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted the Superintendent or designee.
(cf. 5141.4 - Child Abuse Prevention and Reporting)

When a report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district’s ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. Such measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

Policy SANTA CRUZ CITY SCHOOLS

(F) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)

There is one vehicle route for entering and leaving the school site. This entrance to the school begins at Old San Jose Road and O’Neill Lane. This entrance ends in a traffic circle in the front of the campus which facilitates safe drop and pick up points for students. Campus supervisors monitor the safe entry and exit from the school grounds for students. Campus Supervisors are on duty at 7:00 am and remain on campus well after the release of students due to a staggered work schedule. Students are reminded and encouraged to travel along safe routes to and from school. They are reminded to travel in groups, using main thoroughfares.

The Santa Cruz Metro has a stop directly adjacent to campus at the intersection of Soquel Drive and Daubenbiss Avenue for North and South Metro routes. Both major traffic intersections in the Village are controlled by 4 way stoplights with typical pedestrian controls, including audible tones for the hearing impaired. In addition, Santa Cruz County Sherriff deputies, especially the assigned SRO, are visible mid-day and at the end of the school day. Due to the close proximity of three schools, Main Street, Soquel Elementary and Soquel High School, the California Highway Patrol assists in the monitoring of traffic on the main thoroughfares of Soquel Drive and Porter/Old San Jose Road on a regular basis throughout the day. With roadway improvements on Old San Jose Road, sidewalks have been extended to the primary entrance to the school site. This now provides a continuous ribbon of sidewalk from the intersection of O’Neill Road on the North side of Old San Jose Road all the way down to Soquel Drive. At the intersection of Paper Mill Drive and Old San Jose Road, pedestrian activated high visibility flashers have been installed at the crosswalk that provides safe crossing to Paper Mill from the lower south trail to/from the school. The primary vehicle entrance to the school at Old San Jose Road and O’Neill is also controlled by a 4 away stoplight including protected left turn pockets and typical pedestrian controls without audible tones for the hearing impaired. Exit from the school site can also be achieved by a pedestrian bridge located at the South end of O’Neill road that crosses Soquel Creek and empties onto Bridge Street, tying then to Main Street which parallels Old San Jose Road. All primary roads in close proximity to the site have sidewalks available for safe student travel along with new requirements for bike lanes with high visibility green markings.

Secondary Routes to Soquel Site:
Due to concentrated traffic volume at the beginning and end of school, some choose to enter the small parking lot of the church at the base of the school in the village for campus access. From this point the students walk a paved trail that parallels the creek bed to the north of the campus. This trail ends at the quad area between the 2nd and 3rd buildings on the campus. This is a heavily used trail during the school day due to students leaving and returning to campus from lunch in the village. Recent vegetation control has been done, greatly improving visibility for supervision of students. A control burn is planned for this spring to control excessive weed growth which creates a hazard in this area. Santa Cruz County will be contacted to do vegetation control on the downhill side of the trail to the centerline of the existing creek bed improving safety margins for safe student travel to campus. Students entering/leaving the campus from the Easterly housing developments can travel on residential surface streets that terminate in the county owned “Blue Ball” park. From these park athletic fields that are adjacent to our athletic fields, students travel a wide dirt path that terminates on a sidewalk next to the main entrance traffic circle. This path of travel keeps students free and clear of the heavy traffic volume of Old San Jose Road during commute times.

2017 - 2018

All five Crosswalks at the front of the school have been re-striped. Additional line striping was done for the 2 main sections of the drive coming off of Old San Jose Road. Change was made to accommodate a left turn pocket for students to make a safe protected turn into the lower student lot. Upper section past the gate will have a designated “Buffer” space for the small busses that transport special need students to stage without impeding the normal flow of traffic during high volumes times. Traffic circle curbs have been repainted to indicate loading zones with a time limit.

(G) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)
Student Code of Conduct

The Santa Cruz City Secondary Schools maintains a safe environment conducive to learning. We believe that our first responsibility as educators is to support students in becoming safe and responsible adolescents and young adults. We believe a positive behavior approach is most effective in creating a school culture where adults and students are able to form the lasting relationships necessary for learning to take place.

We expect all students to act responsibly and respectfully and to conduct themselves in a healthy, self-valuing manner as they work to achieve their academic and career goals. We expect our schools to be free of put downs, slurs, harassment, intimidation and bullying including cyber bullying.

We believe it is important for students and parents to understand the expectations of the staff in regards to behavior. We believe the goal of discipline is to change behavior, not to punish. To that end, our first response to misbehavior will be to educate students on the repercussions of their behavior and work with them to avoid such behavior in the future.

We use progressive discipline. This means that a student’s first violation will usually merit a consequence of a lesser degree than subsequent violations, taking into account all factors relevant to the severity of the current violation. Suspension from school is employed as a consequence only when other means of intervention have not failed to bring a change in behavior and/or when an unsafe condition has been created by the student’s behavior.
The student discipline code applies to all students attending secondary schools in the Santa Cruz City School District including the following circumstances: (1) while on any school grounds; (2) while going to or coming from any school; (3) during the lunch period, whether on or off the school campus; and (4) during, going to, or coming from a school-sponsored activity.

The student discipline code also applies to: (1) all school-related trips and excursions approved according to governing board standards; and (2) optional District educational programs such as: (a) summer school; (b) after-school programs. At the principal’s discretion, a student with documented discipline problems not requiring expulsion may be removed from the remainder of an optional educational program. Before a removal occurs, the parent will receive a written notice and an opportunity to be heard in front of the principal or principal’s designee.

Consequences and Interventions
Understanding that consequences and interventions represent “teachable moments” is fundamental to a positive approach to discipline. The goal of progressive consequences and interventions is the teaching of pro-social behavior. Progressive consequences seek accountability and behavioral change. Prevention of negative behavior occurs by helping students learn from their mistakes. Essential to progressive discipline is helping students who have engaged in unacceptable behavior to:

1. Understand why the behavior is unacceptable and the harm it has caused
2. Understand what they could have done differently in the same situation
3. Take responsibility for their action
4. Be given the opportunity to learn pro-social strategies and skills to use in the future
5. Understand the progression of more stringent consequences if the behavior reoccurs

Possible consequences for behavior may include: student conference, parent conference, change of seat, written reflection, corrective feedback, loss of privileges, detention, open campus for lunch restrictions, letter of apology, community service, class change. Possible interventions may include: conflict resolution, skill teaching, social skills groups, social emotional counseling, restorative practices, mentoring, behavior support plan.

The following acts will result in a suspension from school and a recommendation for expulsion.
(1) Possessing, selling, or otherwise furnishing a firearm. This subdivision does not apply to an act of possessing a firearm if the pupil had obtained prior written permission to possess the firearm from a certificated school employee, which is concurred in by the principal or the designee of the principal. This subdivision applies to an act of possessing a firearm only if the possession is verified by an employee of a school district. The act of possessing an imitation firearm, as defined in subdivision (m) of Section 48900, is not an offense for which suspension or expulsion is mandatory pursuant to this subdivision and subdivision (d), but it is an offense for which suspension, or expulsion pursuant to subdivision (e), may be imposed.
(2) Brandishing a knife at another person.
(3) Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code.
(4) Committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900.

(2) Willfully used force or violence upon the person of another, except in self-defense.

(H) Alcohol and other Drugs
Santa Cruz City Schools | BP 5131.6 Students
Alcohol And Other Drugs

The Governing Board believes that the use of alcohol or other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. Measures to Prevent Discrimination
To prevent unlawful discrimination, including discriminatory harassment, intimidation, retaliation, and bullying, of students at district schools or in school activities and to ensure equal access of all students to the educational program, the Superintendent or designee shall implement the following measures:
1. Publicize the district’s nondiscrimination policy and related complaint procedures, including the coordinator/compliance officer’s contact information, to students, parents/guardians, employees, volunteers, and the general public, posting them on the district’s web site and other prominent locations and providing easy access to them through district-supported social media, when available.
(cf. 1113 - District and School Web Sites)
(cf. 1114 - District-Sponsored Social Media)
2. Provide to students a handbook that contains age-appropriate information that clearly describes the district’s nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)
3. Annually notify all students and parents/guardians of the district’s nondiscrimination policy. The notice shall inform students and parents/guardians of the possibility that students will participate in a sex-segregated school program or activity together with another student of the opposite biological sex, and that they may inform the compliance officer if they feel such participation would be against the student’s religious beliefs and/or practices or a violation of his/her right to privacy. In such a case, the compliance officer shall meet with the student and/or parent/guardian who raises the objection to determine how best to accommodate that student. The notice shall inform students and parents/guardians that the district will not typically notify them of individual instances of transgender students participating in a program or activity.
(cf. 5145.6 - Parental Notifications)
4. The Superintendent or designee shall ensure that all students and parents/guardians, including students and parents/guardians with limited English proficiency, are notified of how to access the relevant information provided in the district’s nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.
If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

5. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include guidelines for addressing issues related to transgender and gender-nonconforming students.

(cf. 1240 - Volunteer Assistance)
(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)

7. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students' privacy rights and ensure their safety from threatened or potentially discriminatory behavior.

Enforcement of District Policy

The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
(cf. 5131.5 - Vandalism and Graffiti)

Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

When any report of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, is submitted to or received by the principal or compliance officer, he/she shall inform the student or parent/guardian of the right to file a formal complaint pursuant to the provisions in AR 1312.3 - Uniform Complaint Procedures. Any report of unlawful discrimination involving the principal, compliance officer, or any other person to whom the complaint would ordinarily be reported or filed shall instead be submitted to the Superintendent or designee. Even if the student chooses not to file a formal complaint, the principal or compliance officer shall implement immediate measures necessary to stop the discrimination and to ensure all students have access to the educational program and a safe school environment.
Upon receiving a complaint of discrimination, the compliance officer shall immediately investigate the complaint in accordance with the district's uniform complaint procedures specified in AR 1312.3.
(cf. 5141.4 - Child Abuse Prevention and Reporting)

Transgender and Gender-Nonconforming Students

Gender identity means a student's gender-related identity, appearance, or behavior, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student’s gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity or gender expression is different from that traditionally associated with the assigned sex at birth.

Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, regardless of whether they are sexual in nature, where the act has the purpose or effect of having a negative impact on the student’s academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited under state and federal law. Examples of types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a transgender student because his/her mannerisms, hairstyle, or style of dress correspond to his/her gender identity, or a non-transgender student because his/her mannerisms, hairstyle, or style of dress do not conform to stereotypes for his/her gender or are perceived as indicative of the other sex
3. Blocking a student's entry to the bathroom that corresponds to his/her gender identity because the student is transgender or gender-nonconforming
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students. Examples of bases for complaints include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and the district will only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In the latter instance, the district shall limit disclosure to individuals reasonably believed to be able to protect the student's well-being.

Any district employee to whom a student discloses his/her transgender or gender-nonconforming status shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless he/she is required to disclose or report the student's information pursuant to this procedure, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the physical, emotional, and other significant risks to the student, the compliance officer may consider discussing with the student any need to disclose the student's transgender or gender-nonconformity status to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.
(cf. 1340 - Access to District Records)
(cf. 3580 - District Records)
2. Determining a Student’s Gender Identity: The compliance officer shall accept the student’s assertion unless district personnel present a credible basis for believing that the student’s assertion is for an improper purpose. In such a case, the compliance officer shall document the improper purpose and, within seven school days of receiving notification of the student’s assertion, shall provide a written response to the student and, if appropriate, to his/her parents/guardians.

3. Addressing a Student’s Transition Needs: The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify potential issues, including transition-related issues, and to develop strategies for addressing them. The meeting shall discuss the transgender or gender-nonconforming student’s rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student’s access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action could be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the student's arrangements are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student’s transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: The district may maintain sex-segregated facilities, such as restrooms and locker rooms, and sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs. A student shall be entitled to access facilities and participate in programs and activities consistent with his/her gender identity. If available and requested by any student, regardless of the underlying reason, the district shall offer options to address privacy concerns in sex-segregated facilities, such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member’s office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student’s right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

(cf. 6145.2 - Athletic Competition)
(cf. 6153 - School-Sponsored Trips)
(cf. 7110 - Facilities Master Plan)

5. Student Records: A student’s legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student’s preferred name and pronouns consistent with his/her gender identity on all other district-related documents.

(cf. 5125 - Student Records)
(cf. 5125.1 - Release of Directory Information)

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns shall not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.
