

Supplemental Education Services (SES) is a program funded by the federal government as part of the No Child Left Behind (NCLB) Act. SES consists of free tutoring services that occur outside the regular school day, with educational providers approved by the State Board of Education. Students from low-income families at Program Improvement (PI) schools are eligible for free SES services. Santa Cruz City School District's PI schools for 2012-2013 include **Bay View Elementary, Gault Elementary, Branciforte Middle, and Mission Hill Middle**. SES applications have been mailed to families from these schools that submitted a free and reduced lunch form.

Although your child may attend one of District's PI schools, you are not required to enroll your child in SES. All parents/guardians of students attending a PI school have the right to request a transfer of their child to a non-PI district school, with the district providing school to school transportation. Parents may select this option for as long as the home school continues to be identified as a PI school. If the home school exits PI by demonstrating annual yearly progress (AYP) for two consecutive years, your child can remain at the school, however, transportation will no longer be provided by the District. If you are interested in transferring your child to a non-PI school in the District for the current school year, please complete a School Choice application which is available at your child's school.
