Principal's Forum			
19-04	12/15/21	Project concerns / thoughts	<ul style="list-style-type: none"> Derek had questions about access gates to the field. He requested that they be removed. TM replied that he would investigate the issue. TM: noted that along king street a new chain link fence should be installed from the vehicular gate to the edge of the property. (to go on the next bond committee meeting): KEPT HERE AS A REMINDER. Big new gate is broken again. The arm of the gate is not functioning. Per Curtis, Chris reported that someone drove into the gate. Could only have happened if someone drove into it. Looks like someone pushed it open with car.
